Subject: Submission of Gaza Tribunal Documentation for Use in Thematic Reports, Urgent Appeals, and Investigative Work

Excellencies,

We hereby submit the official evidentiary record of the **Gaza Tribunal (2024–2025)** for your review and use within your respective mandates.

The Tribunal's archive provides:

- detailed testimony on extrajudicial killings, torture, enforced disappearances, and starvation;
- extensive evidence of attacks on educational institutions ("scholasticide"), cultural heritage, medical facilities, humanitarian convoys, and journalists;
- documentation of mass displacement, deprivation, and systemic violations that may constitute crimes under international human rights and humanitarian law.

We highlight particular relevance for thematic reports on:

- apartheid and racial discrimination;
- starvation and siege as tools of warfare;
- attacks on education;
- gendered violence;
- torture and inhumane treatment;
- cultural destruction;
- the protection of human rights defenders and lawyers.

All materials are accompanied by an evidence index and metadata summaries to facilitate integration into UN reporting processes, urgent appeals, and communications to states.

We stand ready to cooperate with your offices in providing authenticated copies, supplemental information, or direct access to witnesses willing to engage with UN bodies.

Respectfully, *Name Role* Gaza Tribunal Secretariat / Jury of Conscience
